JCP.4 SERIES

- Full aluminium frame
- Despite its weight of 305 kg, an elegant appearance (incl. base)
- Variations in sizes, finishes and colours
- Ideal for a lounge setting or over long dining tables
- Belgian design
- Ambiance pictures

360°

Four series is home to a variety of environments all over the world, both for private use and large projects such as hotels, public buildings, resorts and pool areas. An exceptionally sturdy outdoor sunshade with an elegant and luxurious appearance. Supported by a 245 kg base and its dimensions, this series is the perfect marriage between Belgian design, enormous strength and guaranteed quality. Every model offers a great deal of shade and is easy to operate and maintain. Choose a colour that expresses your style and personality.

FRAME	Free pole umbrella with crank handle. Pole & ribs are aluminium powder coated. Pole profile: 100 x 100 x 3,6 mm, 3,9 x 3,9 x 0,1". Ribs profile: 32 x 32 x 1,6 mm, 1,2 x 1,2 x 0,06".
CANOPY	320g/m² Sunbrella® Plus, 100% solution dyed acrylic.
BASE	Hot galvanized and powder coated steel plates.
TILT & ROTATION	Tilt in height and can rotate 360° around its pole.
WIND SPEED	58 km/h, 36 mph - Maximum wind speed to which the umbrella may be exposed.

PROTECTION COVER

We suggest to always use the protection cover to protect your outdoor umbrella from poor weather conditions or when not in use during the summer. The stain resistant and water repellent cover will extend their life for you to enjoy your umbrella whenever you like.

To enhance the durability and appearance, we recommend following our care instructions regularly.

Ref.	Colour	Swatch	About this fabric
X77	Black		100% solution dyed polyester with PU coating

MAINTENANCE

To enhance the durability and appearance, we recommend following our care instructions regularly.

The umbrella should never be used in strong wind or rainy conditions. An open umbrella should never be left unattended.
The umbrella should be protected against blurring or damage by using its protection cover.
The protection cover can be placed over the umbrella and pole. Store the umbrella in a dry place when not in use.

FRAME & BASE

Clean the aluminium frame with a damp cloth, mild soap and water. Do not use any sharp tool to avoid scratches.

CANOPY

Before use, you can apply an invisible film to make the canopy stain and water repellent by using a textile protector.
You can maintain and clean your canopy by following a few simple steps:

- Brush off loose dirt before it becomes embedded in the fabric.
- Hose down.
- Spot clean soon after stains occur with water and mild soap or a textile cleaner (no detergents).
  Use a soft bristle brush to clean.
- Allow soap to soak in.
- Rinse thoroughly.
- Always let the canopy air dry completely before
  storing or covering.

Machine wash in cold water. Depending on wash load size, use normal amounts of mild laundry detergent and add 1 cup of bleach. Allow fabric to air dry.

NEVER SUBJECT TO EXCESSIVE HEAT, STEAM PRESS OR TUBLE DRY AS THE FABRIC WILL SHRINK.
